

SEMISTRUCTURE INTERVIEW

MADE BY NICOLÁS URIBE SALAZAR

Dear participant:

Welcome to this interview conducted by Nicolás Uribe Salazar. This interview aims to explore the social and economic dynamics affecting the residents of Oliete, with a particular focus on rural depopulation and the variables outlined in this thesis. Your insights will provide valuable perspectives on the challenges and opportunities facing Oliete, especially in the context of initiatives like "Apadrina Un Olivo". Your participation is crucial in informing our understanding of strategies for fostering social and economic resilience in "left behind areas" like Oliete. Thank you for agreeing to share your valuable insights.

How long have you been a resident of Oliete?

Are you part of the project Apadrina Un Olivo?

Section 1 (Introduction):

- ❖ **For project participants:** What motivated you to participate in this project, and what are your expectations regarding the value it will bring?
- ❖ **For community members:** How familiar are you with the project, and what is your perception of its value?

Section 2 (Challenges and Implications):

Challenges:

- ❖ In your opinion, what are the main economic challenges facing Oliete compared to cities?
- ❖ How do you perceive the distribution of economic resources and opportunities between Oliete and nearby urban centers?
- ❖ How would you describe the sense of community and social cohesion within Oliete?

Implications:

- ❖ Do you believe that projects like "Apadrina Un Olivo" have contributed to addressing economic disparities in Oliete? If yes, how?
- ❖ Do you think initiatives like "Apadrina Un Olivo" influence migration patterns in Oliete? If yes, in what ways?
- ❖ Do you think projects like "Apadrina Un Olivo" foster a sense of belonging and community among the residents of Oliete?

Section 3 (Opportunities and Barriers):

- ❖ What opportunities do initiatives like "Apadrina Un Olivo" present for addressing economic challenges and fostering community resilience in Oliete?
- ❖ What are the main challenges or barriers that may impact the effectiveness of such initiatives in achieving their objectives within the community?

Conclusion

Thank you for your time and willingness to share your insights. Your input will be valuable in informing our research on strategies for encouraging social and economic resilience in "left behind areas" like Oliete, particularly in the context of projects such as "Apadrina Un Olivo".
